

## About Yourself

In a short paragraph, please tell us about yourself (you may wish to talk about; your interests, what pronoun you'd like to be referred to as, the nationality you identify with, family, gender)

Amy Mitchell

I have been with Anderida since I was 21 (I am a lot older than this now), I have a degree in psychology that I got at the University of Kent in Canterbury, I enjoy working with people and definitely talk to much.

I identify as a female and I am British, I was born in Eastbourne.

The most important things to me in life are my friends and family.
