

About Yourself

In a short paragraph, please tell us about yourself (you may wish to talk about; your interests, what pronoun you'd like to be referred to as, the nationality you identify with, family, gender)

My name is Angie, I am female and use pronoun she/her.

I was born in South African and lived there until I was 18 years old before I moved to Guernsey for 10 years. After that I moved to England and I have lived here ever since.

My mother is South African and my father is Dutch so I am fortunate enough to have dual nationality. I was raised in a religious Christian household and still believe in God. I am also bilingual and speak both English and Afrikaans fluently. I would love to learn another language at some point, perhaps Spanish.

I have a little boy who is now 4 years old and when not at work I spend most of my time having fun with him. We also have a beautiful fluffy Persian cat called Louis. I am known to be a massive cat lover and have a bit of a 'crazy cat lady' reputation.

My hobbies and interests include gardening, cooking, swimming, music, arts and crafts and upcycling projects. I like learning new skills and will always have a go at trying new things, especially if it is doing something creative. We also like spending time outdoors in the garden or having days out in the outdoors. I used to play the piano when I was younger but am very out of practice and probably won't be able to just get back to where I left off without practice. I do however still love music and love a little sing song in the car. I also enjoy a bit of karaoke (probably a bit too much)

Lastly, I am a bit competitive, Kind, but competitive 😊
