

About Yourself

In a short paragraph, please tell us about yourself (you may wish to talk about; your interests, what pronoun you'd like to be referred to as, the nationality you identify with, family, gender)

My name is Lucy, I go by the pronouns she / her. I grew up in Eastbourne before moving to Southampton where I studied Law at university and tailored it to be focused on young people and their needs. I specialised in youth justice, family law and crime in society and culture. I then worked for the charity organisation 'lawyers without borders' and provided legal aid and assistance to families and children going through challenging times. After this I moved onto my first residential home and have loved every minute of it!

In my spare time I like staying active., I enjoy water sports like kayaking, rowing, and canoeing and enjoy spending time with my family and friends. As much as I enjoy staying active, I also like to relax with a good book.
