

About yourself

In a short paragraph, please tell us about yourself (you may wish to talk about; your interests, what pronoun you'd like to be referred to as, the nationality you identify with, family, gender)

My name is Dawn Dunkley, I was born and bred on the Pevensy marshes where I still live now, I have been married 30 years Aug 2021, to Linton we have 2 children Alison and Liam, and three grandchildren all girls. Alison lives in New Zealand and is married to a dairy farmer with the three children, Madeleine 4 named after my grandma, Nyra-May 3, and Lily will be a year old in Sept 2021. Liam our son is with long term (10Yrs) girlfriend Sophie who works with us at Anderida.

I was a dairy farmer on our family farm before doing this job, I joined Anderida July 2012, I have been a manager for about 3 years.

My interests are Cows, and all animals and nature, I also like being pampered, facials, pedicures, manicures, I also enjoy reflexology and sports physio massages to keep this old aching body going. I think if others had to describe me they would say there is only one Dawn, I always say what I think and also say it before I think, they would say I am mad, friendly, caring and thoughtful.
