

About yourself

In a short paragraph, please tell us about yourself (you may wish to talk about; your interests, what pronoun you'd like to be referred to as, the nationality you identify with, family, gender)

My name is Brett Lawrence, and I am 41 years old. I have been with Anderida for about five years. I left Anderida for a year so I could help Job Centre staff better help people with substance misuse. I originally got my degree in Diagnostic Radiography and did X-Rays and scans but found I was fascinated with the patients' stories and how they ended up in hospital. So, I started doing Youth Work so I could help people more directly and never went back. I love working at Anderida. I am proud that we help the most vulnerable children in society. People say I am funny, but I am not trying to be, so that worries me sometimes.
