

## About Yourself

In a short paragraph, please tell us about yourself (you may wish to talk about; your interests, what pronoun you'd like to be referred to as, the nationality you identify with, family, gender)

My name is Jess.

Before I worked for Anderida I was a Mechanic in some well-known garages, and I also did restoration of classic motor racing cars. I have had many trips to Goodwood and Silverstone. I have a passion for Classic cars and enjoy keeping this as a hobby in my spare time.

I went to college really late to study and achieve my mechanics, as I was never very academic, however I proved to myself I am capable of achieving anything I want too and I always try to put this forward with our young people.

I have had some amazing work experience which I'm proud of, I worked and lived in London. I achieved my bus license; I drove buses in London and the new route masters.

I also worked at Gatwick in security and encountered lots of experiences, where I have lots of stories to tell.

I have a dog called Del Boy, admittedly I spoil him rotten, he goes everywhere with me and he is like my little shadow.
