### **ANDERIDA HISTORY**

Anderida Adolescent Care was established in 1991 in recognition of a lack of adequate provision for the more problematic adolescent. Our resources include a 2:1 and a 1:1 resource as well as a facility for time out and crisis intervention.

The organisation aims to provide an innovative solution to the placement difficulties encountered with children close to school leaving age whose disturbed, disruptive behaviour limits the options available to them.

At our Anderida Learning Centre, we encourage flexible learning within a personalised framework that will motivate disaffected learners and young people who display EBD or EBSD. We expect all learners to gain nationally accredited qualifications which will support them in achieving future stability.

The key principles of the Anderida Learning Centre provision are that of personalisation, creativity and appropriateness. Through a detailed needs analysis all learners are guided into making carefully informed choices about their learning and the pathways in which they will specialise.

### **COMPLETING YOUR APPLICATION**

Applications will only be accepted on the attached form and on any continuation sheets, if required.

**Please do not send us your curriculum vitae (CV) in place of any part of the form.**

Your application form will be photocopied; therefore, it should be typed or written in black ink.
