

ANDERIDA ADOLESCENT CARE

PROMOTION OF RECREATIONAL ACTIVITIES

Anderida recognises that extra-curricular recreational activities are an invaluable enriching part of a young person's life, building self-esteem, establishing a healthy peer group, improving quality of life and widening horizons. Anderida will ensure that the young people within their care are not in any way disadvantaged in accessing a diverse range of activities. Each child's talents and interests will be nurtured, and their personal preferences and abilities will be taken into consideration. Young people will be introduced to a wide range of activities within the community to ensure that they have experience of what is available to them. Mentors will ensure that they facilitate young people's attendance at all groups, clubs, activities and ensure that they are enabled to develop their hobbies and interests.

When a young person moves into the home, the manager will ensure that the designated authority documents are completed in order that permissions are in place for the appropriate activities and where not covered will request permissions to ensure that young people are not prevented from experiencing new things.

All mentors, along with the significant others will celebrate the achievements of the young people, attending awards ceremonies and open evenings.

Anderida support young people and encourage new interests by:
